

Welcome to the Rehab 3 Network where we strive to improve patient's lives one treatment at a time. The Rehab 3

David Quint, PT
Network
Director

Network is built on compassion from many people with diverse therapeutic backgrounds and expertise. We are a strong Network, not because of what we know, but how we use our skills to improve others' lives. Many times patients are triaged to the appropriate therapist with the highest level of training in a certain area of care. Although we are the largest local provider of orthopedic physical and occupational therapy, including post-surgical orthopedic rehabilitation, we also have developed programs such as

Cardiac and Pulmonary Rehab, Women's Health Programs, Speech Language Pathology and Aquatics. The Network strives to meet people's needs and exceed their expectations. That is why we continue to develop our therapists' expertise and subsequently our program and service offerings.

Employee Spotlight

As part of our regular series we will spotlight our therapists, their achievements, and how their dedication to professionalism has grown the Rehab 3 Network in countless ways. In 2005 **Jessica Nelsen, PT, DPT, OCS** earned her board Certification in Orthopedics and also received a Clinical Educator of the Year award from the New England Consortium of Academic Clinical Coordinators. **Traci O'Donnell, MPT** and **Sara Tompkins, MSPT** completed their first year of residency at the Institute of Orthopedic Manual Therapy in pursuit of their Orthopedic Manual Therapy Certificates. **Tracey Huppe, PT GCS** and **Jerry Lanoie, MPT** completed Competency Certifications in Vestibular Rehab in 2005. Rehab Nurses **Lori Clifford, RN** and **Nancy Correia, RN** arduously helped Wentworth-Douglass Cardiac Rehab Department earn the National Cardiac Rehab Certification through the AACVPR. As you can see, 2005 has been very busy throughout the Network in order to be better equipped to effectively treat the people entrusted to our care.

Over the next few months we will be delivering the **Rehab 3: 2006 Network Directory and Programs Guide**. This handy reference is aimed to help providers better serve their patients, our community.

Community

- FREE physical therapy screens at the Works Family Health & Fitness Center.
- Sponsorship of local road races including Red's Shoe Barn 5 Mile Run and the St. Charles Children's Home 5k Road Race.
- Scholarships to local high school students.
- Athletic Training services to local high schools.
- We support UNH Athletics through our corporate sponsorship.

Coming February 2006
