

First Visit and Therapy Expectations

Our job begins well before you arrive for your first appointment. From gathering referral information, verifying insurance coverage, to convenient scheduling, our staff covers the bases to ensure a worthwhile first visit. Upon arrival, the patient goes through a brief check-in process followed by a thorough initial evaluation performed by a licensed therapist.

During the evaluation the therapist gathers information to create a plan of care specifically for you. Our therapists use up-to-date techniques and state-of-the-art equipment to treat your injury. We also spend time educating each person about their diagnosis, teaching them exercises they can do at home, and providing information to prevent future injury.

Insurance

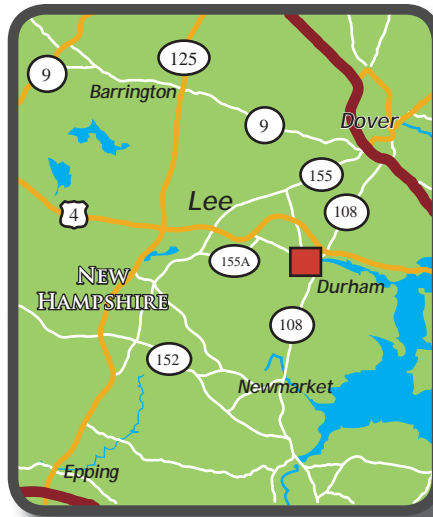

Rehab 3 at Wentworth-Douglass Professional Center is a participating provider with most insurance companies. For more information about insurance coverage, please contact us directly.

Financial Assistance

At Rehab 3 we aim to make medical care available to all patients regardless of their financial means. To do this we offer our Financial Assistance Program to ensure everyone who qualifies has access to the care they need. Just ask if you qualify when scheduling your first appointment.

Location and Expertise

Located in the heart of Lee's business district at the crossroads of Routes 4 and 125, Rehab 3 at Wentworth-Douglass Professional Center is situated in an area that is both convenient and accessible from many directions.

We provide the highest level of care possible to the people of Southern Strafford and Rockingham Counties. Our talented therapists specialize in outpatient orthopedics, sports, and spine care. While our facility offers convenience and easy access our therapists offer years of hands-on knowledge to help get you on the road to recovery.

Rehab 3

A partnership between Wentworth-Douglass Hospital, Marsh Brook Rehabilitation Services, and Frisbie Memorial Hospital, Rehab 3 offers comprehensive and coordinated rehabilitation programs and services. By using proven rehab protocols and up-to-date treatment techniques throughout the network, our patients have the convenience to choose between one of our many locations for their physical, occupational, or speech therapy. In an increasingly complex health care system we are working together to simplify the rehabilitation process and help our patients achieve their best possible outcome.
